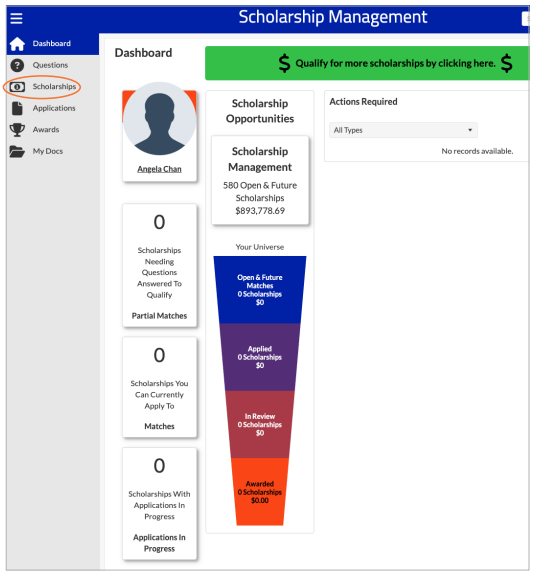
Step 2 START MATCHING

You will then be directed to a series of questions to begin building your profile.

After each question, the "Matches" and "Opportunity" boxes in the top right corner will be updated with new scholarship opportunities you've been matched with based on the answers you have provided. At any time, you can view your matched scholarships by clicking on the "Matches" box.

Step 3 VIEW YOUR MATCHES AND APPLY FOR SCHOLARSHIPS

You can use the Scholarships tab on the left side of the screen to view the scholarships for which you have been matched.



The scholarships with the building icon are awards offered through the University of Florida.

The scholarships with the globe icon are awards offered through private donors.

The Scholarships screen has several tabs to review:

- **Matches** - List of scholarships where the student has met all the matching requirements.
- **Pinned** - List of scholarships that the student has pinned to their account using the button on an individual scholarship listing.
- **Partial Matches** - List of scholarships where the student has met at least one, but not all, of the matching requirements.
- **Application Submitted** - List of internal scholarship applications a student has submitted.
- **Awarded** - List of internal scholarships the student has been awarded.
- **Non-Matches** - List of scholarships for which the student does not meet the matching requirements.
- **Not Interested** - List of scholarships the student has marked as not interested in by selecting the NO symbol on an individual scholarship.
