

FBI TAMPA - FIELD OFFICE SPRING 2025 EXCURSION

Beyond120 embarked on a one-day excursion to the FBI Field Office in Tampa for a day of agency exposure and federal career exploration.

- *This visit included a site tour, employee panel, and internship/early careers presentation*
- *22 undergraduate students from CLAS representing psychology, criminology, international studies, economics, physics, and more*
- *93% of students said they better understand their potential career pathways*

“The most important thing I learned from the panelists on this excursion was how to stay mentally resilient in such challenging roles. They stressed the importance of always keeping the mission in mind; whether it's seeking justice, supporting victims, or making an impact in the community.”

Emily Conner, Psychology '28

Special Agent Carlos Colon received the 2024 College of Liberal Arts and Sciences Volunteer of the Year award for outstanding collaboration with Beyond120 program. Carlos has mentored over 40 students, co-taught Industry Insights and established consistent connection with the FBI Field Office in Tampa organizing an annual excursion and promoting career opportunities.
